COURT HOUSE DOINGS.

Some New Items of Public Record Made Yesterday.

The home of public routine affairs for Clatsop County was in more than ordinary somnolent condition yesterday. The officers and clerks were all busy enough but on dry and sedentary matter. No arrests, no divorces, no suits at law, no live, snappy, newsworthy data of any sort.

One happy incident transpired, and only one: Gus E. Bostrum applied for, and was granted, a license to wed Miss Jennie K. Gajander. Both the young people are of Clatsop County.

Among the dry details of yesterday were the following real estate records: A. W. Smith, et al., to Concomly Tribe No. 7, Order of Red Men, and Astoria Aerie No. 17, Fraternal Order of Eagles, conveying one acre of land in this county, by warranty title, upon a consideration of \$1.00.

The Eureka and Epicure Packing Co., to George H. George, Trustee, 377.10 feet by 1155 feet of land in the County of Clatsop, by warranty title, for a consideration of \$10.00.

Upon due process of law, County Judge C. J. Trenchard, yesterday, committed to the custody of the Boys and Girls Aid Society, at Portland, little Raymond Yourex, the four-year old infant, left by the late Mrs. Kitty Yourex ("Texas") Sheriff Linville will take the youngster to Portland this morning for formal delivery.

The proper authorities have filed with the Hon. County Court, the preparatory statement providing for a 7 mill levy upon the tax roll for the year 1905, upon the property in Road District No. 2, (Seaside). The same will be reviewed by the Court at its next session, and approved or disapproved. It is the first of the road district levies to be reported.

TO OVERHAUL THE OREGON.

Famous Battleship Will Be Rebuilt at the Bremerton Navy Yard.

Washington, Nov. 20.—The Navy Department expects that the battleship Oregon will remain at the Puget Sound navy yard the better part of two years undergoing a complete overhauling. Many parts of the ship are to be practically rebuilt. The turrets are to be equipped with electric controlling apparatus and features which have become obsolete are to be replaced with the latest pattern known in naval construction. Work will be begun early in January, as soon as the Oregon arrives from the Philippines.

Secretary Bonaparte is now considering the naval estimates. What he will recommend for the Puget Sound navy yard is unknown, but there is a belief that he may endorse the recommendation of the Bureau of Yards and Docks that \$1,200,000 be appropriated to build a new drydock. It seems improbable that Congress, in its economical mood will authorize a new dock this session, but Congressional action will depend largely upon the amount of pressure the Washington delegation can bring to bear.

STEAMER STILL ASHORE.

New York, Nov. 19.—The German steamer Capri, which went ashore Saturday off Communipaw, N. J., is still aground. It is possible she may have to lighten a portion of her cargo.

Zemstvo Congress in Session.

Moscow, Nov. 19.—The Zemstvo Congress, presided over by Ivan Petrunkevitch, began its sessions here today. Thirty-nine governments were represented and there were reports from 39 municipalities, and twenty-three Polish delegates were in attendance. Several speakers referred to irreparable loss sustained by the death of Prince Sergius Troubetsky which occurred October 1st.

In Time of Peace.

In the first months of the Russian-Japanese war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared to successfully combat the first cold you take! A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by Frank Hart and leading druggists.

Georgia Harper's Splendid Repertoire to Be Here.

Next Monday evening at Fisher's Opera House, the theatrical society event will occur when Miss Georgia Harper and her company will inaugurate a week's season in high class repertoire, opening in Sardou's great play "Frou Frou." In speaking of the company an exchange says: "There are plays that must live forever. There are plays that are always appreciated and popular. Any play that interprets human life in its true sense, giving the sad side as well as the bright, must of necessity appeal to the human senses. The public demands realism. It is the longing to see on the stage what one sees and knows off the stage that makes this class of plays always popular. In Camille the real side of an important feature of life is shown. The story is not overdrawn. It is one of everyday life in the cities of the country, except that the sacrifice of Camille is one of the greatest ever made. Miss Georgia Harper is especially adapted to the character. While a born actress and good in everything she undertakes on the stage, Camille has received years of her study, and she has the interpretation of the character down to perfection. To see her in this great emotional play is to love her. There is a stroke of genius in her work that wins everything before her. If, as claimed, good acting consists in a true and natural interpretation of the character presented, Miss Harper has not a superior as Camille. Seat sale opens Saturday morning at Hoelter's."
